## EPOKE POP Poilsh

**Epoke Pop Polish** will stand true to it's name. Pop Gloss, higher transparency and increased scratch resistance are what you can expect from your resin coats once polished with Epoke Pop Polish. Designed to remove 2000 grit sanding scratches and leave a flawless glossy finish.  
Can also be used to rejuvenate worn and scratched resin surfaces.

## EPOKE Colour Clean

**EPOKE Color Clean** is the perfect solution to get all the colors off your hands be it Acrylic paints , Oil paints , Alcohol inks or even Resin and Resin Pigments .
